TaylorMade Drivers including the R11, R11 TP & Burner Superfast 2.0

[6. Titleist Driver](#)

Titleist golf drivers including the 909D2 and the 909DComp.

[7. Wilson Staff Driver](#)

Wilson Staff Drivers featuring the DXi and Dxi Womens drivers.

Products Under Golf Drivers

[1. Callaway Diablo Octane Black Driver](#)

New Forged Composite is the lightest, strongest material we have ever used in golf clubs. The new Diablo Octane Black Drivers feature Forged Composite in the crown, giving them a significant performance advantage over all-titanium drivers. These drivers a

[2. Callaway Diablo Octane Black Tour Driver](#)

Doc Hock's Take: "New Forged Composite is the lightest, strongest material we have ever used in golf clubs. The new Diablo Octane Black Drivers feature Forged Composite in the crown, giving them a significant performance advantage over all-titanium driver

[3. Callaway RAZR Fit Driver](#)

Available from 15th February, call 0800 0121722 to pre-order. The combination of Forged Composite and OptiFit Technology makes Callaway's first driver featuring adjustability the performance leader. Golfers can dial in their ideal settings

[4. Callaway RAZR Hawk Driver](#)

Once again, Callaway has made a giant leap forward with Forged Composite technology in the new RAZR Hawk Driver. This new material gave engineers the freedom to position weight exactly where needed for maximized distance, accuracy, and workability. With t

[5. Callaway RAZR X Black Driver](#)

Available from 15th February, to pre-order call 0800 0121722. With the RAZR X Black Driver, Callaway has crafted a club that looks just as mean as it behaves.

[6. Mizuno JPX Driver \(watch video\)](#)

The new JPX800 HOT METAL with Ultimate Dynamic Stability increases average driving distance by specifically targeting an

improvement in ball speeds from shots struck above and below the sweet spot.

[7. Mizuno MP-630 Driver](#)

Slightly open at address, with powerful pear shaped profile and thumping feedback, the MP-630 inspires imagination from the tee.

[8. Mizuno MP-630 Fast Track Driver](#)

Slightly open at address, with powerful pear shaped profile and thumping feedback, the MP-630 FAST TRACK inspires imagination from the tee.

[9. Ping Faith Driver](#)

Designed to meet the needs of women golfers, the Faith driver, offered in 12° and 14° lofts, is engineered to help those with slower swing speeds hit it longer and straighter off the tee.

[10. Ping G15 Driver](#)

The G15 driver is engineered for golfers seeking a maximum forgiveness driver that delivers distance and accuracy.

[11. Ping G20 Driver](#)

Distance and accuracy are optimized by an external weight that optimizes the center of gravity position to generate high launch and low spin. The G20's large, variable-thickness face generates faster ball speeds and increases MOI for maximum forgiveness.

[12. Ping i15 Driver](#)

The fade-biased design of the i15 driver meets the needs of golfers who place high priority on working their tee shots.

[13. Ping i20 Driver](#)

Available mid February. Aeronamic for distance, the crown is engineered to reduce drag for maximising clubhead speed & ball velocity, resulting in greater distance in this i20 driver.

[14. Ping K15 Driver](#)

With the K15 you'll drive the ball straighter, assisted by a PING innovation called Straight Flight Technology (SF Tec).

[15. TaylorMade R11S Driver](#)

Coming soon, call 0800 0121722 to pre-order. Faster, longer & more tunable than ever, the new R11S driver from TaylorMade Golf.

[16. TaylorMade Rocketballz RBZ Driver](#)

Coming soon, call 0800 0121722 to pre-order. Strap a rocket to your ball for more distance.

[17. Titleist 910 D2 Driver \(watch video\)](#)

A high performance, 460cc, pear-shaped driver that produces mid/high launch with medium/low spin.

[18. Titleist 910 D3 Driver \(watch video\)](#)

A high performance, 445cc, classic pear-shaped driver that produces mid launch with medium/low spin.
