Products Under Golf Fairways

[1. Callaway Diablo Octane Fairway Wood](#)

The new all-stainless steel Diablo Octane Fairway Woods are built for power. Aggressive VFT Technology precisely varies the internal thickness of the face in each club to increase the size of the sweet spot and maximize ball speeds across the face.

[2. Callaway RAZR Fit Fairway Wood](#)

Available from 15th February, to pre-order call 0800 0121722. The most advanced Callaway Fairway Woods ever made allow golfers to adjust the face angle using OptiFit Technology, improving accuracy and trajectories from either the tee or the fairway.

[3. Callaway RAZR Hawk Fairway Wood](#)

Adding Forged Composite to the crown of new RAZR Hawk Fairway Woods allows for a Center of Gravity placement that maximizes distance without compromising ball flight or feel. Callaway has delivered the first uncompromised fairway woods.

[4. Callaway RAZR X Black Fairway Wood](#)

Available 15th February, to pre-order call 0800 0121722. Designed for golfers who like their fairway woods to have some attitude, RAZR X Black Fairway Woods come with looks and speed that inspire total confidence and deliver the long distance and pinpoint

[5. Mizuno JPX Fairway Wood \(watch video\)](#)

The JPX800 fairway harnesses its HOT METAL energy within an extremely consistent 'Ultimate Dynamic Stability' design.

[6. Ping Faith Fairway Wood](#)

Offered in 3, 5, 7 & 9 woods, the Faith Series fairway woods provide women easy-to-hit alternatives to long and mid irons.

[7. Ping G15 Fairway Wood](#)

The elongated, low profile design of the G15 Fairway Wood offers a long, forgiving option for golfers who rely on the

confidence of a larger head.

[8. Ping G20 Fairway Wood](#)

External weighting locates the CG low and back to produce high launch and optimal spin for long, straight results. You can optimize your ball flight by choosing either the higher-launching TFC 169F shaft or the TFC 169F Tour version for a lower trajectory

[9. Ping i15 Fairway Wood](#)

Developed for better golfers who rely on the distance and versatility of a fairway wood, the i15 features a sleek, low profile shape that delivers a high performance from all conditions.

[10. Ping i20 Fairway](#)

Available mid February. Its neutral head rotation promotes square impact. A traditional head design creates an address profile that simplifies aiming for confident shot making with this i20 fairway.

[11. Ping K15 Fairway Wood](#)

A PING innovation called Straight Flight Technology makes you extremely straight with your fairway woods.

[12. TaylorMade R11S Fairway](#)

Coming soon, call 0800 0121722 to pre-order. Superior tuning and easier to launch.

[13. TaylorMade Rocketballz RBZ Fairway](#)

Coming soon, call 0800 0121722 to pre-order. Get more yards with the speed rocket!

[14. Titleist 910F Fairway Wood](#)

The Titleist® 910 fairway metals deliver total performance with improvements in flight, fit, looks, feel and sound.

[15. Titleist 910Fd Fairway Wood](#)

Titleist® 910 fairway metals deliver total performance with improvements in flight, fit, looks, feel and sound.
